Overview

GetThere Ground allows business travelers to book and pre-pay executive car services online in real-time, including limos, executive sedans and taxis. Employees can view and compare these point-to-point services on a single screen, and book any option with a corporate credit card. *GetThere* Ground gives travel managers the power of cost control and visibility into their ground spend.

GetThere Ground is available to corporations via two solutions: *GetThere* Ground – Custom and *GetThere* Ground Preferred Network.

GetThere Ground – Custom

A fully customizable program that gives companies total control over selecting their ground suppliers, negotiating preferred rates and how they will display these providers. Offered as a transaction fee-based model, *GetThere* Ground – Custom is ideal for large multi-national corporations with preferred supplier rates already in place.

GetThere Ground Preferred Network

A network of *GetThere* preferred ground vendors offered exclusively and free of charge to *GetThere* customers. Corporate travelers can access discounted rates all over the world for chauffeured and black car services, buses, limousines and shuttle services. *GetThere* has chosen a select group of ground suppliers based on their superior reputation, global content and outstanding safety records. *GetThere* Ground Preferred Network is a compelling option for companies that do not have negotiated rates with ground suppliers or want to enhance their existing program with more options, greater cost savings and management controls.

How It Works

From any location in the world, employees have immediate, easy online access to limo, sedan and taxi reservations in the same place they already go to for airline, hotel and car bookings. Whether booking ground transportation as part of an out-of-town business trip or simply for across-town, point-to-point pick-up and drop-off, users can access rates and availability for limos, executive sedans and taxis from your travel site home screen.

Rates are displayed from lowest to highest. In the case of *GetThere* Ground Preferred Network, if a corporation has a negotiated rate with a *GetThere* preferred vendor, they can opt to display their corporate rate instead of the *GetThere* rate. Customers cannot, however, customize the vendors in the Preferred Network. Once a reservation is completed, employees can modify or cancel a booking via *GetThere*.

GetThere Ground Key Features

- Reserve limos, sedans, taxis and shuttles online from anywhere in the world 24/7 with a corporate credit card
- Compare rates for all vehicle types (limo, sedan, taxi) and multiple vendors on a single screen
- Preload corporate reference points and save frequently used addresses
- Shop point-to-point within a local area or shop airport transfers for business travel
- Use travel policy, preferred vendor status and negotiated pricing
- Create and enforce travel policy by applying rights to individual travelers, divisions, subsidiaries and locations

Company Benefits

GetThere Ground gives companies the opportunity to monitor, manage and reduce spend associated with today's executive car services. Employees are able to price compare as well as choose from a list of company preferred vendors. Moving these transactions online and to a credit card form of payment gives companies the ability to track and manage ground services expenditures.

Travel Manager Benefits

As part of your existing online corporate travel technology, *GetThere* Ground provides convenient tools to ensure your travel program is a success. Leverage your existing preferred vendors and negotiated rates or take advantage of *GetThere's* buying power through our Preferred Network, and even control which ground transportation services are available to different users.

Traveler Benefits

For travelers, it's flexibility online and convenience on the road. Easy access to multiple executive car service options is right at their desktops. Employees can price compare and pay for these services at the time of booking, reducing hassle at the airport.

Experience Even More from GetThere

GetThere Ground is just one innovative product comprising the complete *GetThere* travel and collaboration solution. A majority of the FORTUNE 200 and the BTN Corporate Travel 100 rely on *GetThere* to streamline processes, improve supplier and contract management, and achieve ongoing and sustainable savings in corporate travel and collaboration spend. Contact your *GetThere* representative by calling 1-800-GetThere or visiting www.getthere.com to learn more.
